

Hike for Valley Hospice

Sunday May 5, 2019

Join the 7th annual Hike for Valley Hospice with a corporate sponsorship....every step makes a difference!

Valley Hospice

The Valley is now witnessing the construction of a residential Hospice that will provide compassionate end-of-life care to terminally ill patients and their families. Our Hospice features many positive aspects of a home including an open concept kitchen/living area and 10 private bedrooms that will accommodate a family member to stay in the room. Trained staff and volunteers will provide companionship and support through the last weeks and days of a patient's life in the Hospice and will also be there for families as they cope with the loss of a loved one.

Beyond our building, there are dedicated doctors, nurses, support staff, and volunteers who make up our Annapolis Valley Palliative Care Team. They provide support and care throughout serious illness and will be there if and when it is time to enter the Hospice. The Valley Hospice Foundation looks to support the Team both within and beyond the building to ensure the best palliative care possible throughout the continuum of care across all settings.

Hike for Valley Hospice

On Sunday May 5, 2019, we will host the 7th annual family friendly Hike for Hospice to support and bring greater awareness of our Valley's new residential Hospice and Palliative Care. Hike for Hospice is a unique national fundraising event held on the first Sunday in May in communities across Canada, marking the start of National Hospice Palliative Care Week. Hike donations raised in our community will remain in our community. Funds raised will be used to enhance the 10 private patios attached to each bedroom at the Hospice.
